

Dear Judges,

Thank you for volunteering your time to help judge our students on Saturday Feb. 9th 2013 at Seminole Middle School.

A general overview of the judging day schedule is as follows:

- 8:00 am-* Judges arrive to Seminole Middle School.
- 8:00-9:00 am-* Refreshments and doughnuts are served. Judges go to their judging category groups.
- 9:00-9:30 am-* Orientation of the judging process is given to the judges by the fair director.
- 9:30-10:00 am-* Judges divide up the projects in their categories for Round 1 Judging.
- 10:00-12:00 (noon)-* (Round 1 Judging) Judges interview students in the school gymnasium
- 12:00-1:00 pm-* Lunch is provided to the judges.
- 1:00-2:30 pm-* (Round 2 Judging) Judges finish student interviews in school gymnasium.
- 2:30-3:30 pm-* Judges meet in their groups and finalize place awards, selections of student representatives to the State Science Fair* and Best of Fair*.

* If your judging group selects student project(s) to attend the State Science Fair or selects project(s) to be considered for Best of Fair, it is important to have one or more representatives from your judging group to review/defend your group's selections. This might be necessary if total number of selections for all of the categories exceeds our district's quota for the 2013 State Science Fair. The same would be true for the Best of Fair selections.
